About

Like a lawn requires re-fertilization, the human body also needs upkeep to avoid looking drab, flat and lifeless. Prep your bodies for warm weather with today's TeamBuy: \$59 for 2 LipoLaser treatments and a 60-minute Infrared Body Wrap Treatment from Health Clinic Med Spa.

Family owned and operated, **Health Clinic Med Spa** has been serving the communities of Vancouver and Surrey for nearly 3 decades. Proud to pamper guests from the Lower Mainland, Health Clinic Med Spa provides the ultimate spa experience the moment you set foot inside this 4000 square foot pampering palace. With a deep understanding of the mind-body-spirit connection, they have hundreds of loyal guests who will attest to their high level of healing and relaxation that rebuilds bodies and souls damaged by stress. With today's Buy, bodies will instantly feel ready for spring with LipoLaser treatments. Since cellulite affects 80% of women, **Lapex BCS LipoLaser** is the perfect solution to finding the right cellulite treatment. The quick and easy 30-40 minute session can provide results similar to surgery, without painful side effects or any downtime. By directly targeting fat cells and breaking down fat pockets, the LipoLaser system offers a safe and effective spot fat reduction solution that can be applied to multiple areas on both men and women. Each treatment is immediately followed up with Radiant Therapy, which can help minimize fat deposits underneath the skin even more. Use today's deal to **treat cheeks, chin, arms, inner thighs, butt or stomach**. Laser time varies per area.

As well, today's deal also includes a 60-minute Radiant Infrared Body Wrap Treatment, which detoxifies the body, burns calories and reduces cellulite and pain relief. The **Radiant Far Infrared Body Wrap System** is only one of its kind in Canada. The deep heat system reaches through muscle and tissue to stimulate the metabolism and increase blood circulation, as would happen with concentrated exercise. But unlike a gym workout, a Radiant Therapy session is undertaken lying down on a massage bed, while you read a book, watch TV or even nap. You will lose between 400 to 600 calories per session which is equivalent to 2 to 3 hours in a gym. All treatments are done in private rooms.

Some of the other services offered by Health Clinic Med Spas are: Massages, Facials, Sinchloss, Custom Fitted Bras, Orthotics, Laser Treatments to Stop Smoking & Hair Rejuvenation.
